Subject: On Behalf of New Era Debt Solutions, our employees and clients

To Whom It May Concern,

We at New Era Debt Solutions are in full support of the FTC's TSR ruling and are also in full support of the UDMSA. Over the last 11 years we have seen companies come and go and many consumers get taken advantage of. Meanwhile we have had to deal with the negative stigma caused by the bad actors.
We believe consumers need a level of protection and we feel the UDMSA will provide both the protection consumers need and the flexibility for legitimate and compliant companies to operate in a responsible and productive way.
Sincerely,

Alex Viecco
