Re: Revised Uniform Unclaimed Property Act, October 9-10, 2015 Committee Meeting Draft

Attached is the text of the Revised Act which will be the text discussed at the upcoming Committee meeting in Washington DC.

Numerous written comments were recently received from various parties offering proposed changes in language, and in some instances, in direction and scope of the current draft Act.

Those proposed modifications are for the most part not reflected in this draft, but the Co-Chairs and Reporter will be preparing an agenda in the course of this week to be disseminated before the upcoming meeting, and anticipate that some of the issues contained in those recently received materials will be discussed at the Washington DC meeting.
