

CHAIR MEMORANDUM ON COORDINATION
WITH ARTICLE 9

Since the Annual meeting when Article 9 was approved and promulgated, we have had several communications with the principals in the Article 9 Committee on assuring consistency of Article 2B with Article 9 as promulgated.

At the suggestion of the NCCUSL leadership, that coordination has been primarily with Ed Smith.

The language in Scope Section 2B-103(c)(1) is acceptable to Ed Smith to assure consistency. The Official Comments of 2B (when written) will be consistent with the Official Comments of Article 9. 2B-103(c)(1) is like similar provisions in 3-102(b). It provides: "If there is a conflict between this article and Article 9, Article 9 governs."
