Uniform Law Commission

The Uniform Law Commission (ULC), now 130 years old, promotes uniformity of law among the several states on subjects as to which uniformity is desirable and practicable. The ULC improves the law by providing states with non-partisan, carefully-considered, and well-drafted legislation that brings clarity and stability to critical areas of the law. The ULC's work supports the federal system, seeks to maintain an appropriate balance between federal and state law, and facilitates social and economic relations with rules that are consistent from state to state.

Uniform Law Commissioners must be lawyers, qualified to practice law. They are lawyer-legislators, attorneys in private practice, state and federal judges and government attorneys, law professors, and legislative staff attorneys, who have been appointed by state governments as well as the District of Columbia, Puerto Rico and the U.S. Virgin Islands to research, draft and promote enactment of uniform state laws in areas where uniformity is desirable and practicable.

INTRODUCTION

This publication is a guide to uniform and model acts promulgated by the Uniform Law Commission and currently recommended for enactment. It is prepared for the use of legislators, legislative drafting bureaus, commissioners, and others interested in state legislation.

It can be used in several ways to locate uniform and model laws for use in drafting legislation in your state:

- To locate a law dealing with a topic on which legislation is desired in your state.
- To locate laws dealing with topics on which other states have enacted legislation, which may suggest desirable topics for legislation in your state.
- To locate unadopted laws which are related to uniform laws already adopted in your state.
- To locate new laws which supersede old laws still in effect in your state.

This guide has these special features:

- A subject matter index identifies laws dealing with a particular area of the law.
- An index to the Target List.

Targets are uniform acts that are prioritized in a given legislative session based on several criteria, including:

- the relative importance of the subject matter to the ULC’s overall portfolio;
- the likelihood of wide adoption, including a track record to that effect;
- the relative level of stakeholder support;
- the status of the act (are amendments or revisions currently being contemplated?);
- the suitability of the act for direct introduction without significant preparation or lead time;
- the implication of state subject matter jurisdiction (i.e. federal preemption) or involvement of the UCC.

Targets to Complete are uniform acts already adopted in a significant number of jurisdictions, where attaining national uniformity is deemed desirable and attainable.

- An enactment chart shows precisely where each act has been adopted.

PLEASE NOTE:

- The term “related acts” in this guide refers to other related acts described in this guide.
- The year which follows the title of each act is the year of promulgation. Each year thereafter refers to the year the act was amended or revised.
- An asterisk (*) indicates that the act is currently being revised by the Uniform Law Commission.
- The term “adoptions” in this guide refers to adoptions by the 50 states, the District of Columbia, Puerto Rico, and the U.S. Virgin Islands. It includes adoptions through September 30, 2021.
- An act is designated as “Uniform” if there is substantial reason to anticipate enactment in a large number of jurisdictions, and uniformity of the provisions of the act among the various jurisdictions is a principal objective.
- An act is designated as “Model” if uniformity may be a desirable objective, although not a principal objective, and the act may promote uniformity and minimize diversity, even though a significant number of jurisdictions may not adopt the act in its entirety, or the purposes of the act can be substantially achieved, even though it is not adopted in its entirety by every state.

UNIFORM AND MODEL ACTS

MODEL ABANDONED PROPERTY ACT (2018)

Adoptions..... 0

Purpose..... This act allows a creditor, governmental subdivision, or homeowner's association to request a determination that a property is abandoned based on the existence of three or more specified conditions indicating abandonment. Each homeowner and obligor, if locatable, must receive a copy of the request. A determination of abandonment allows for an expedited foreclosure procedure, but also imposes a duty to maintain the property upon the creditor requesting foreclosure until title is transferred to a new owner.

Related Acts..... Home Foreclosure Procedures; Negotiated Alternative to Foreclosure; Nonjudicial Foreclosure; Residential Mortgage Satisfaction.

UNIFORM ADULT GUARDIANSHIP AND PROTECTIVE PROCEEDINGS JURISDICTION ACT (2007)

Adoptions..... 49

Purpose..... This act addresses the issue of jurisdiction over adult guardianships, conservatorships, and other protective proceedings. Because there are more than fifty guardianship systems in the United States, problems of determining jurisdiction are frequent. This act provides an effective mechanism for resolving multi-state jurisdictional disputes. It contains specific guidelines to specify which court has jurisdiction to appoint a guardian or conservator for an incapacitated adult. The objective is that only one state will have jurisdiction at any one time.

Related Acts..... Child Custody Jurisdiction and Enforcement; Guardianship, Conservatorship, and Other Protective Arrangements; Probate Code.

UNIFORM ANATOMICAL GIFT ACT (2006)(2007)

Adoptions..... 48

Purpose..... This act revises the Uniform Anatomical Gift Acts of 1968 and 1987 in light of changes in federal law and regulations, and related developments in the field of organ donation. Like the prior versions, the new UAGA provides that any individual may make an anatomical gift by signing a document of gift. No witnesses are necessary for this document, and the donor's wishes are not subject to change by others. The revision also expands the number of individuals allowed to consent to make anatomical gifts, and encourages the use of donor registries and provides standards for their operations.

Related Acts..... Determination of Death; Health-Care Decisions.

Supersedes..... Anatomical Gift (1968)(1987).

MODEL APPORTIONMENT OF TORT RESPONSIBILITY ACT (2002)(2003)

Adoptions..... 0

Purpose..... Sets out rules to allocate financial responsibility on a modified comparative fault basis among multiple parties liable for negligent or willful misconduct, including the misconduct of injured parties.

Related Act..... Punitive Damages.

UNIFORM ARBITRATION ACT (2000)

Adoptions..... 22

Purpose..... Revises the Uniform Arbitration Act of 1956, adopted in 49 states, to reflect new developments in arbitration law.

Related Acts..... Collaborative Law; Family Law Arbitration; Mediation.

Supersedes..... Arbitration (1956).

UNIFORM ASSET-PRESERVATION ORDERS ACT (2012)(2014)

Adoptions..... 0

Purpose..... This act creates a uniform process for the issuance of asset freezing orders, which are *in personam* orders freezing the assets of a defendant in order to prevent a party from dissipating assets prior to judgment.

UNIFORM ASSIGNMENT OF RENTS ACT (2005)

Adoptions..... 5

Purpose..... This act seeks to bring consistency to commercial real property transactions by establishing a comprehensive statutory model for the creation, perfection, and enforcement of security interests in rents derived from real estate.

Related Acts..... Commercial Real Estate Receivership; Commercial Code Article 9

UNIFORM ATHLETE AGENTS ACT, REVISED (2015)(2019)

Adoptions..... 18 (2015 Act)

Adoptions..... 12 (2019 Amendments)

Purpose..... This act is a revision of the Uniform Athlete Agents Act, promulgated in 2000 and adopted in 41 states. The act governs relations among student athletes, athlete agents, and educational institutions. The revised act makes numerous changes to the act, including expanding the definition of “athlete agent”; providing for reciprocal and interstate compact registration between states; adding new requirements to the signing of an agency contract, expanding notification requirements; and providing remedies for student athletes. The 2019 Amendment applies to changes that the NCAA made to its bylaws in August of 2018 to provide student athletes with more freedom and flexibility to explore the possibility of going professional while retaining their college eligibility.

Related Acts..... College Athlete Name, Image, or Likeness (2021)

Supersedes..... Athlete Agents (2000)

UNIFORM AUTOMATED OPERATION OF VEHICLES ACT (2019)

Adoptions..... 0

Purpose..... This act covers the deployment of automated vehicles on roads held open to the public by reconciling automated driving with a typical state motor vehicle code. Many of the act’s sections can be incorporated into existing sections of a typical vehicle code. This act also introduces the concept of automated driving providers (ADPs) as a legal entity that must declare itself to the state and designate the automated vehicles for which it will act as the legal driver when the vehicle is in automated operation. The ADP might be an automated driving system developer, a vehicle manufacturer, a fleet operator, an insurer, or another kind of market participant that has yet to emerge. Only an automated vehicle that is associated with an ADP may be registered. In this way, the act uses the motor vehicle registration framework that already exists in states – and that applies to both conventional and automated vehicles – to incentivize self-identification by ADPs.

UNIFORM BUSINESS ORGANIZATIONS CODE (2011)(2013)

Adoptions..... 2

Purpose..... The primary purposes of the Uniform Business Organizations Code are to harmonize the language of all of the uniform unincorporated entity acts, and to revise the language of each of those acts in a manner that permits their integration into a single code of entity laws. The 2013 Amendments address necessary technical corrections.

Related Acts..... Partnership; Limited Partnership; Limited Liability Company; Limited Cooperative; Protected Series; Unincorporated Nonprofit Association; Statutory Trust Entity; Registered Agents; Entity Transactions.

UNIFORM CERTIFICATE OF TITLE ACT (2005)(2006)

Adoptions..... 0

Purpose..... This act provides rules for the transfer of interests in motor vehicles (excluding mobile homes and watercraft). The act provides improved administrative rules and remedies governing vehicle titles and perfection of security interests in motor vehicles consistent with the demands of the electronic marketplace.

Related Acts..... Certificate of Title for Vessels; Commercial Code Article 2A; Commercial Code Article 9.

UNIFORM CERTIFICATE OF TITLE FOR VESSELS ACT (2011)

Adoptions..... 5

Purpose..... The Uniform Certificate of Title for Vessels Act establishes a certificate of title system for boats and other watercraft. The major objectives of the act are to: (1) qualify as a state titling law that the Coast Guard will approve; (2) facilitate transfers of ownership of a vessel; (3) deter and impede the theft of vessels by making information about the ownership of vessels available to both government officials and those interested in acquiring an interest in a vessel; (4) accommodate existing financing arrangements for vessels; and (5) provide certain consumer protections when purchasing a vessel through the act's branding initiative.

Related Act..... Certificate of Title.

UNIFORM CERTIFICATION OF QUESTIONS OF LAW ACT (1995)

Adoptions..... 8

Purpose..... Assures that key interpretations of a state's law are made by the state's own highest court, by empowering the court to answer questions certified to it by a federal court, an appellate court of another state, or courts of Canada or Mexico. This act modernizes the earlier version, which was adopted in 21 states.

Related Act..... Statute and Rule Construction.

Supersedes..... Certification of Questions of Law (1967)(1990).

UNIFORM CHILD ABDUCTION PREVENTION ACT (2006)

Adoptions..... 15

Purpose..... This act provides courts with guidelines to follow during custody disputes and divorce proceedings, to help courts identify families at risk for abduction, and to provide methods to prevent the abduction of children.

Related Acts..... Child Custody Jurisdiction and Enforcement; Interstate Enforcement of Domestic-Violence Protection Orders; Marriage and Divorce.

UNIFORM CHILD CUSTODY JURISDICTION AND ENFORCEMENT ACT (1997)(2013)

Adoptions..... 51

Purpose..... Revises the 1968 Uniform Child Custody Jurisdiction Act, which was adopted in every state, and brings it into compliance with the federal Parental Kidnapping Prevention Act. This act limits child custody jurisdiction to one state, avoiding competing orders, and provides enforcement provisions for child custody orders. The 2013 Amendments were drafted as part of the effort to implement the 1996 Hague Convention on Jurisdiction, Applicable Law, Recognition, Enforcement, and Co-operation in respect of Parental Responsibilities and Measures for the Protection of Children.

Related Acts..... Adult Guardianship and Protective Proceedings Jurisdiction; Child Abduction Prevention; Deployed Parents Custody and Visitation; Interstate Enforcement of Domestic-Violence Protection Orders; Interstate Family Support; Marriage and Divorce; Representation of Children in Abuse, Neglect, and Custody Proceedings.

Supersedes..... Child Custody Jurisdiction Act (1968).

MODEL CHILD WITNESS TESTIMONY BY ALTERNATIVE METHODS ACT (2002)

Adoptions..... 4

Purpose..... Provides procedures for taking the testimony of children in criminal or civil proceedings, permitting a child, for good cause, to testify outside the courtroom and the immediate presence of a defendant.

Related Act Rules of Evidence.

UNIFORM CHOICE OF COURT AGREEMENTS CONVENTION IMPLEMENTATION ACT (2012)

Adoptions..... 0

Purpose..... The Uniform Choice of Court Agreements Convention Implementation Act will assist in the implementation and ratification of the Hague Convention on Choice of Court Agreements, and is meant to harmonize with federal implementing legislation.

UNIFORM CIVIL REMEDIES FOR UNAUTHORIZED DISCLOSURE OF INTIMATE IMAGES ACT (2018)

Adoptions 5

Purpose This act addresses an increasingly common form of abuse that causes immediate, and in many cases, irreversible harm. The act creates a cause of action for unauthorized disclosure of private, intimate images. The act also outlines procedures enabling victims to protect their identity in court proceedings. In addition, the act provides various remedies for victims, including actual damages, statutory damages, punitive damages, and attorney's fees.

UNIFORM COHABITANTS' ECONOMIC REMEDIES ACT (2021)

Adoptions..... 0

Purpose..... The rate of nonmarital cohabitation within the U.S. is increasing rapidly. Today, states have no consistent approach for addressing whether and how cohabitants can enforce contract and equitable claims against each other when the relationship ends. The Uniform Cohabitants' Economic Remedies Act does not create any special status for cohabitants. In most instances, the Act defers to other state law governing contracts and claims between individuals. The Act enables cohabitants to exercise the usual rights of individual citizens of a state to contract and to successfully maintain contract and equitable claims against others in appropriate circumstances. The Act affirms the capacity of each cohabitant to contract with the other and to maintain claims with respect to "contributions to the relationship" without regard to any intimate relationship that exists between them and without subjecting them to hurdles that would not be imposed on litigants of similar claims. The Act ensures that the nature of the relationship of the parties is not a bar to a successful claim.

UNIFORM COLLABORATIVE LAW ACT/RULES (2009)(2010)

Adoptions..... 22

Purpose..... This act standardizes the most important features of collaborative law, a form of alternative dispute resolution that is becoming more popular in the states. Collaborative law is now used mainly in family law disputes, but its practice has spread to other areas of the law, including the settlement of contract and insurance disputes. The act encourages the development and growth of collaborative law as an option for parties that wish to use it. The act mandates the essential elements of disclosure and discussion between prospective parties in order to guarantee that all parties enter into the collaborative agreement with informed consent. Amendments approved in 2010 create an explicit mechanism for the operative provisions of the act to be adopted in rule, rather than statute.

Related Acts..... Arbitration; Mediation.

UNIFORM COLLATERAL CONSEQUENCES OF CONVICTION ACT (2009)(2010)

Adoptions..... 2

Purpose..... This act addresses the various penalties and disqualifications that individuals face incidental to criminal sentencing, which are often known as “collateral consequences” and include such penalties as disqualification from voting, prohibitions from running for office, exclusion from certain types of employment, etc. The act improves the understanding of such penalties, and in appropriate circumstances, offers a mechanism to provide partial relief from the disabilities. The provisions in the act are largely procedural, and designed to rationalize and clarify policies and provisions which are already widely accepted by the states. Amendments approved in 2010 responded to the Supreme Court decision in *Padilla v. Kentucky*.

UNIFORM COLLEGE ATHLETE NAME, IMAGE, OR LIKENESS (2021)

Adoptions..... 0

Purpose..... Until recently, college athletes have not been allowed to receive compensation for the use of their name, image, or likeness (NIL) while still maintaining athletic eligibility. The Uniform College Athlete Name, Image, or Likeness Act allows college athletes to earn compensation for the use of their NIL while also providing reasonable protections to educational institutions, athletic associations, and conferences. The Act will provide a clear and uniform framework for state to enact that allows college athletes to earn compensation for the use of their NIL while maintaining a level playing field across state lines.

Related Acts..... Uniform Athlete Agents Act.

UNIFORM COMMERCIAL CODE ARTICLE 1, GENERAL PROVISIONS (2001)

Adoptions..... 52

Purpose..... Updates the general provisions section of the UCC to harmonize with recent revisions of the UCC.

Purpose..... To provide a comprehensive body of law on the rights and obligations connected with fund transfers. UNIFORM COMMERCIAL CODE ARTICLE 8, INVESTMENT SECURITIES (1994)

Adoptions..... 53

Purpose..... Updates UCC Article 8, originally adopted in every state, to provide a modern legal structure for the system of securities holding through intermediaries.

Related Acts..... Other Articles of Commercial Code; Securities; TOD Security Registration.

Supersedes..... Commercial Code Article 8 (1977).

UNIFORM COMMERCIAL CODE ARTICLE 9, SECURED TRANSACTIONS (1999)(2010)

Adoptions..... 53; Adoptions of 2010 Amendments.....52

Purpose..... The 2010 amendments to UCC Article 9, which governs secured transactions in personal property, address filing issues as well as other matters that have arisen in practice following over a decade of experience with the revised Article 9 (last revised in 1999 and enacted in all states and the District of Columbia). Of most importance, the 2010 amendments provide greater guidance as to the name of an individual debtor to be provided on a financing statement. The amendments also improve the system for filing financing statements.

Adoptions..... 4

Purpose..... The Uniform Common Interest Ownership Act of 2008 (UCIOA) contains provisions for the formation, management, and termination of any common interest community, including condominiums, planned communities, and real estate cooperatives. The 2008 UCIOA (an update of the 1982 and 1994 versions of UCIOA) addresses critical aspects of association governance, with particular focus on the relationship between the association and its individual members, foreclosures, election and recall of officers, and treatment of records. Importantly, UCIOA gives greater flexibility to association governing boards with regard to enforcement of the declaration, bylaws, and rules of the association. The 2008 amendments also modernize UCIOA with respect to electronic commerce and practice. The 2014 amendments clarify rules governing the six month “limited priority” lien for unpaid common expense assessments owed to community associations, in response to conflicting interpretations by state courts. The 2021 amendments to the act update it to address recent legal and technological developments.

UNIFORM COMMUNITY PROPERTY DISPOSITION AT DEATH ACT (2021)

Adoptions..... 0

Purpose..... Community property acquired by a married couple retains its character as community property even when the couple relocates to reside in a non-community property state. The Uniform Community Property Disposition at Death Act provides clear default rules to ensure the proper disposition of community property in any state. It is recommended for adoption by all non-community property states.

The uniform act, a joint project with the ULC and the American Bar Association Committee on Corporate Laws, would preserve the traditional confidentiality of entity ownership and would instead require the filing of the name of an individual (a records-contact) who would be responsible for obtaining, maintaining, and verifying record ownership information.

UNIFORM POWER OF ATTORNEY ACT (2006)

Adoptions..... 29

Purpose..... This act provides a simple way for people to deal with their property by providing a power of attorney that survives the incompetence of the principal. UNIFORM POWERS OF APPOINTMENT ACT (2013)

Adoptions..... 12

Purpose..... A power of appointment is an estate planning tool that permits the owner of property to name a third party and give that person the power to direct the distribution of that property among some class of permissible beneficiaries. It is an effective and flexible technique used in a wide variety of situations, but there is very little statutory law governing the creation and use of powers of appointment. Instead, estate planning attorneys must rely on a patchwork of state court decisions. The objective of the Uniform Powers of Appointment Act is to codify the existing common law of powers of appointment.

Supersedes..... Premarital Agreement Act.

Related Acts..... Marital Property; Marriage and Divorce; Probate Code.

UNIFORM ACT ON PREVENTION OF AND REMEDIES FOR HUMAN TRAFFICKING (2013)

Adoptions:..... 10

A comprehensive uniform act will enable federal, state, and local agencies to better identify victims, provide needed services, and facilitate prosecution.

With respect to abuse and neglect cases, while federal law requires the appointment of a 'guardian ad litem' to represent the interests of a child, the URCANCPA goes further by mandating the appointment of a licensed attorney.

The Act does not say anything about an agreement monitoring what a worker can or cannot do while employed.

The amendments attempt to clarify, with respect to trusts, what constitutes an “insurable interest” for purposes of insurance law, while at the same time allowing for the transfer of interest in insurance as property. UNIFORM TRUST DECANTING ACT (2015)

Adoptions..... 12

Purpose..... “Decanting” is the term used to describe the distribution of assets from one trust into a second trust, like wine is decanted from the bottle to another vessel. Decanting can be a useful strategy for changing the outdated terms of an otherwise irrevocable trust, but can also be abused to defeat the settlor’s intent. The Uniform Trust Decanting Act provides sound rules for reforming an irrevocable trust document within the bounds of the trustee’s discretion and subject to the trustee’s fiduciary duties. The act also prevents decanting when it would defeat a charitable or tax-related purpose of the settlor.

The revised act (RUUNAA) provides a basic legal framework for the operation of UNAs. The revised act extends the nature of UNAs as distinct entities by allowing qualified associations to exist in perpetuity where necessary or convenient to carry out its purposes.
