

Addendum to the Report of the Study Committee  
on Certificate of Title Act for Boats

TO: Committee on Scope and Program

FROM: E.M. Miller, Jr., Chair, Study Committee on Certificate of Title Act for Boats

DATE: May 19, 2008

After reviewing our December 4, 2007 report at its January 2008 meeting, the Committee on Scope and Program requested further investigation into whether the United States Coast Guard and state entities that license boats are supportive of and willing to participate in the drafting process of a uniform certificate of title act for boats. As a result, I am pleased to attach the following documents:

- March 27, 2007 and April 23, 2007 letters from David R. Barber indicating support of the project by the National Association of State Boating Law Administrators (NASBLA), including NASBLA's interest in having representatives present as plans progress.
  
- May 5, 2008 email from John M. Malatak indicating support of the project by the U.S. Coast Guard, including information on which department is best suited to serve as the liaison.

I hope these expressions of support are helpful as the UCOTA-Boats project moves forward.
