RE: Proposed Report

Following our productive meeting in Austin, the reporters have put together a draft report for circulation and approval. We are transmitting the draft to the full committee and observers for comment. Because we have a June 12 submission deadline for the NCCUSL Scope and Program Committee, we need to have your comments by June 1. E-mail, fax, or regular mail response (copy to each of us) is fine so long as we receive it by June 1.
