Dear Ms Robinson:

The American Payroll Association is pleased to submit to the Committee on Scope and Program of the National Conference of Commissioners on Uniform State Laws its proposal for a drafting project to create a uniform wage garnishment law. As reflected in the attached project proposal, current wage garnishment laws have a remarkable number of variations and cause unnecessary confusion, risk and expense for creditors, debtors and employers.

To aid the Committee in its decision regarding this proposal, the APA is prepared to provide an additional submission, additional information or to answer specific questions. Please contact me with any requests.

Sincerely,
