Subject: Comments on UCOTAV

I thought the meeting this weekend was very productive. Going back through my notes and the Act, I have two comments. Both comments are regarding Section 6.

- Since Section 6(e) refers to maintaining records in the files of the office, should it not be moved to Section 10 and also altered slightly to refer back to Section 6.
- In Section 6(b)(5), the SSN is required. Since we are requiring this information, should we not require positive proof of identify with the full legal name. (i.e. gov't issued document – passport, driver license, etc.) Too many times, the application will contain a name different than the legal name – Bob instead of Robert. The office should record the legal name. If not, then maybe this is something that the States can choose to do.
